The official parcel/address data for 1840 Onyx Alley and 1848 Onyx Alley has been relocated in the Lane County GIS system, and this relocation is now reflected on Google Maps.

This indicates an administrative change to the property's official records.

I am requesting confirmation of next steps regarding relocation for myself and my ESA, given the active habitability case with the City of Eugene 25-01591 and the recent parcel relocation.

Please advise on how relocation proceeds from here.
